ANNUAL SAVINGS

\$2,793.00

ENERGY REDUCED

50%-90%

PAYBACK 5.8 YEARS

CHALLENGE: Holy Family Parish had an oversized lot and unsafe light levels for faculty, students and parishioners. Other companies offered them ideas that were either too expensive or just not what the Parish wanted.

SOLUTION: Tenesis provided them new LED fixtures specifically manufactured for their application, maximizing light output and minimize energy consumption through a fully automated fixture control system. Now, the Parish can utilize on/off and dimming functions from the use of an office computer or smart phone.

"I knew Tenesis would give me a cost-effective solution, on budget, on time and done right. They were a God-send."
